

Life celebrated, one bundle at a time.

Rules for Bundle: Hallmark Channel Countdown to Christmas Edition

We hope you are excited for your game of Bundle: Hallmark Channel Countdown to Christmas Edition! The rules are:

1. Lay the four categories of cards onto their corresponding places on the board. (Leave the “Final Bundle” cards on the side for now.)
2. Have each player select a game piece. Place them on “Start.” (If you have more than ~8 players, you might want to play in pairs.)
3. The person who most recently watched a Hallmark Channel movie rolls first! (After that, play moves clockwise.) Upon landing on a space, that player will pick one of four cards:
 - **Name 4 (solid green square):** You have one minute to list 4 things that fit with the prompt on the card. If you answer successfully, you move ahead one space. (Note: For questions that have clear right or wrong answers [e.g. *Name 4 jobs held by characters in Hallmark Channel movies*], have a quick vote where each person gives either a thumbs up or a thumbs down whether you answered it correctly. For the questions that are more subjective [e.g. *Name 4 of your favorite things about the holiday season*], you move ahead as long as you say 4 things.)

- **Pick Your Destiny (patterned green square):** Read the card aloud. If you have picked a good card, move ahead one space **and** take one additional roll. If you have picked a bad card, move back one space and your turn ends. (e.g.: *You watch all of the new Countdown to Christmas movie premieres. Hello, superfan! Move ahead one space and roll again.*)
- **Challenge (white square):** Have the person to your left read the question to you. If you answer it correctly, move ahead one space. (Note: For questions where there are clear right or wrong answers [e.g. *Name That Movie: An architect hires a holiday coordinator to help bring some Christmas spirit to him and his family*], the correct answer is printed on the bottom of the card. For the questions that are more subjective [e.g. *Which Hallmark Channel movie character reminds you the most of yourself?*], move ahead as long as you complete the card.

- **Act It Out (red square):** You will act out the word(s) on the card, and the other player(s) will have one minute to guess the card. (Note: Sounds are allowed, words are not!) If guessed correctly, both you and the correct guesser move ahead one space. (e.g.: *Happy the Dog*)
4. Make one complete trip around the board. (If your group’s size is smaller than 5 people, we suggest doing two complete trips.)
 5. The winning player is the first to 1) make it to the “Final Bundle” space (Note: You do not need to land exactly on the space for it to count) 2) select one “Final Bundle” card without looking at the others, and 3) successfully complete the card. (If you land on the “Final Bundle” or “Start” spaces on your first trip around the board, select a card of your choosing and continue playing.)

We love to see pictures & videos of you playing, so feel free to tag us on Facebook & Instagram! @thebundlegame @hallmarkchannel

Happy Bundling!
